45-DAY EPA REVIEW

Individuals who commented on initial or renewal draft ROPs during the 30-day public notice period may submit a petition to the United States Environmental Protection Agency (EPA) to object to the permit. Information on how to submit a petition to the EPA is available at the following website: <https://www.epa.gov/title-v-operating-permits/title-v-petitions>. The time period provided to petition the permit to EPA ends 60 days after EPA's 45-day review period ends (i.e., 105 calendar days after the specified start date of the EPA review). See AQD's Rule 214(8) for further information. Information is also provided below regarding proposed actions that have gone directly to EPA review for modifications to existing ROPs.

Information is included in chronological order, with those comment periods ending sooner at the end of the list, and those most recently listed at the top. The public comment period for initial or renewal ROPs has ended and the EGLE has proposed the following ROPs to the EPA for 45-day review:

The Dow Chemical Company U.S.A., Midland – SRN: A4033

A minor modification ROP (EPA review began 05-16-2025 and ends 06-30-2025).
