STAFF: Joel Asher	COMPLIANCE STATUS:	SOURCE CLASS:
SUBJECT: Follow up of old PTI's.		
RESOLVED COMPLAINTS:		

A review of old PTIs was conducted. It was determined that 5 PTIs are associated with the same physical location although under different names. The site is located at 7400 North Westwood Drive, Ishpeming.

PTI #398-71 and PTI #220-68 are assigned to Northern Michigan Electric Foundry. No SRN is associated with this name, possibly due to the age of the PTIs

PTI #1110-92, PTI #607-92, and PTI #563-90 are assigned to ME International NAEF Facility. This source has SRN A3917 associated with it.

On 8/17/16 I drove to the site on North Westwood Drive. There is a concrete slab at the location and no buildings or equipment remains. It is unclear as to when the facility closed or was demolished. The latest activity in the correspondence file was an activity report from Warren Dellies dated 11/24/92.

A note has been sent to Ms. Sue Thelen in the Permit Section to void the 5 PTIs. This facility can be removed from the district inspection database.
