Dear Dan VanMassenhove:

**SECOND VIOLATION NOTICE**

On August 9, 2022, the Department of Environment, Great Lakes, and Energy (EGLE), Air Quality Division (AQD) sent Decorative Panels International (DPI) a Violation Notice citing violations discovered as a result of an August 5, 2022, odor investigation and requested your written response by August 23, 2022.

DPI submitted a response to the violations on August 23, 2022. In the response DPI requested additional time to continue an ongoing investigation into the odors; including consulting with an odor expert from RK Associates. Subsequently, DPI submitted a supplemental response on September 7, 2022.

The AQD has evaluated DPI's responses and determined that they fail to identify an acceptable corrective action plan to resolve the cited violations and to avoid future odor issues. Additionally, the responses insufficiently described RK Associates' findings and recommendations.

Please submit your written corrective response by September 29, 2022. If you have any questions regarding the violations or the actions necessary to bring DPI into compliance, please contact me at the number listed below.

Sincerely,
