**Dir Sir or Madam,**

We have reviewed the VN dated 09/27/2021 and fully comprehend the requirements required to provide accurate VOC data. We understand that the calculation that we were using was inaccurate and given to the DEQ in place of the correct data and do not object the VN. The correct VOC (less exempt) listed on the SDS provided by the manufacture will be used in all calculations going forward.

Best Regards,

**Nino Nuculovic**
