Warren, Michigan 48092

This letter is in response to the violation notice sent by EGLE to Standard Coating Inc on September 7th 2022.

Process Description: FGBOILERS

Condition Violated: S.C.III.1

The one-time energy assessment was completed, and a copy was given to Joe Forth in 2020, unfortunately I was not able to produce the original copy. I have scheduled another one-time energy assessment scheduled for Dec 2022. We will be keeping electronic copies of all inspections going forward.

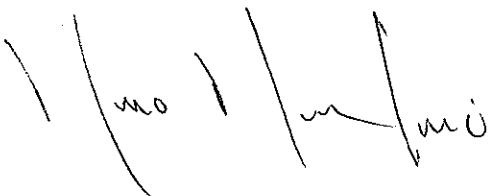

Process Descriptions: FGBOILERS

S.C.III.5

The Violation states that the last inspection for the boilers was completed on January 17th, 2020. I have scheduled another inspection for both boilers in December of 2022. I will be keeping electronic copies of all inspections going forward and will be available upon request.

Both violations are on going until Dec Of 2022.
