Dear Ms. Muhammad:

VIOLATION NOTICE

On June 22, 2016, Administrative Consent Order (ACO) Air Quality Division (AQD) No. 24-2016 became effective between the Department of Environmental Quality (DEQ), AQD and Detroit Thermal Beacon Heating Plant (DTBHP) located at 541 Madison, Detroit, Michigan. Per ACO AQD No. 24-2016, paragraph 9.B.1, "the facility shall submit quarterly NOx excess emission reports. The report shall contain the information referenced in Title 40 Code of Federal Regulations (CFR) 60.7(c) and (d) and in the format prescribed by Figure 1 of 40 CFR 60.7(d). The reports shall be delivered no later than 30 days following the end of each calendar quarter."

At this time, the AQD has not received DTBHP's 1st Quarter 2018 excess emission report for January 1 to March 31, 2018, which was required to be postmarked or received by the AQD district office by April 30, 2018. This constitutes a violation of ACO AQD No. 24-2016, paragraph 9.B.1 and may warrant associated stipulated penalties as outlined in ACO AQD No. 24-2016, paragraph 13.

Please submit the 1st Quarter 2018 excess emission report within (21) days from the date of this letter. Each submittal must contain a certification by the Responsible Official that the statements and information in the submittal are true, accurate and complete.

If DTBHP believes the above observations or statements are inaccurate or do not constitute violations of the applicable legal requirements cited, please provide appropriate factual information to explain your position.

Ms. Marna Muhammad
