*RE: April 30, 2020 Violation Notice – Keebler Company Grand Rapids Bakery
Stack Testing Report – September 22, 2020 – CONFIDENTIAL*

Dear Mr. Evans,

In response to a Violation Notice (VN), dated April 30, 2020, the Keebler Company (Keebler) Grand Rapids Bakery located at 310 28th Street SE contracted Mostardi Platt of Elmhurst, Illinois to perform stack testing to evaluate the emission rate of propylene glycol on September 22, 2020. The testing replicated the 2008 stack testing that originally established the propylene glycol emission factor and followed the methodologies presented in the testing notification submitted to EGLE. A hard copy of the confidential information is enclosed.

If you have any questions regarding the confidential information, please contact me at sdavis@trinityconsultants.com or 262.200.0200 x2 or Mr. Danielle Poma at danielle.poma@kellogg.com or 616.247.4458.

Sincerely,
Trinity Consultants
