

DEPARTMENT OF ENVIRONMENTAL QUALITY
AIR QUALITY DIVISION
ACTIVITY REPORT: Self Initiated Inspection

B500137754

FACILITY: VITA PLUS		SRN / ID: B5001
LOCATION: 358 FOURTH ST, OWENDALE		DISTRICT: Saginaw Bay
CITY: OWENDALE		COUNTY: HURON
CONTACT: John Tilt , General Manager		ACTIVITY DATE: 11/29/2016
STAFF: Sydney Bruestle	COMPLIANCE STATUS: Compliance	SOURCE CLASS: MINOR
SUBJECT: Inspection to determine compliance with PTI 136-84 and all other applicable state and federal air quality regulations		
RESOLVED COMPLAINTS:		

I (Sydney Bruestle) conducted an onsite inspection of Vita Plus Corporation located at 3580 4th Street Owendale, MI. I met with John Tilt, the general manager of the facility. The facility consists of 4 concrete storage silos and a truck receiving pit. The facility currently receives wheat and has a storage capacity of 180,000 bushels. At this time it appears Vita Plus-Owendale is not subject to NSPS DD as they are well below the storage capacity threshold of 2.5 million bushels.

PTI 136-84 permits 2 concrete silos and the truck receiving pit. These emission units are now exempt from permitting under rule 285 (p). The facility has requested to void PTI 136-84.

At this time it appears the facility is in compliance with all applicable state and federal air quality regulations.
