DEPARTMENT OF ENVIRONMENTAL QUALITY
AIR QUALITY DIVISION
ACTIVITY REPORT: On-site Inspection

B559263578

FACILITY: GRAND RAPIDS POLISHING & BUFFING		SRN / ID: B5592
LOCATION: 2945 HILLCROFT, WYOMING		DISTRICT: Grand Rapids
CITY: WYOMING		COUNTY: KENT
CONTACT:		ACTIVITY DATE: 07/12/2022
STAFF: April Lazzaro	COMPLIANCE STATUS: Compliance	SOURCE CLASS: MINOR
SUBJECT: Unannounced, scheduled inspection. Facility is permanently closed.		
RESOLVED COMPLAINTS:		

Staff, April Lazzaro arrived at the facility to conduct an unannounced, scheduled inspection to find that the facility is permanently closed.

Based on the previous inspection reports, the facility consisted of three buildings. One building, with the address is vacant, as evidenced by the postal note in the mail box. (see attached photo)s The other two buildings are across the street and occupied by new businesses.

I observed what remains of the cyclone collector referenced in Permit to Install (PTI) No. 54-76, which has been disconnected from the building and has not been in use for some time. (see attached photo) While the permit file was still in the cabinet without a void letter, the Permit Cards database indicates it was voided in 2014. This will be updated and handled according to the division retention policy.

No further action needed at this time.

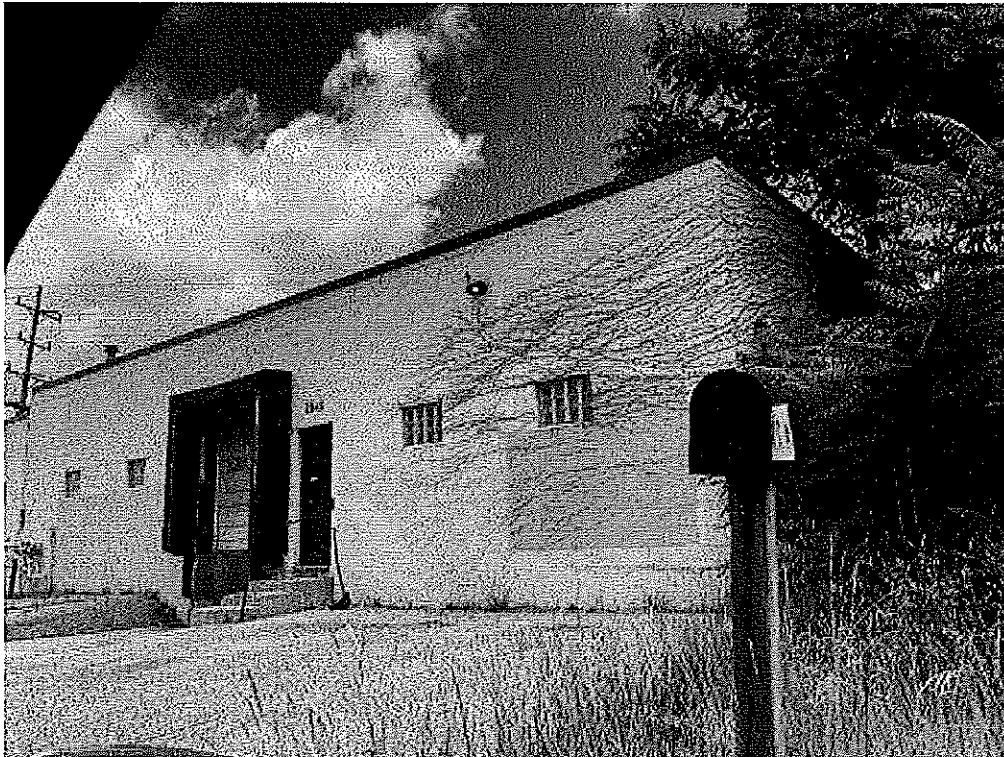

Image 1(2946 Hillcroft) : Vacant label in mailbox.

Image 2(Cyclone) : Cyclone disconnected. This image should be viewed one turn clockwise.
