RESOLVED COMPLAINTS:		

On January 16, 2014, I attempted to conduct a Scheduled Inspection at Evans Mining Corp., which used to be located at 1900 Richman Rd., Smiths Creek, Macomb County. The purpose of the inspection was to determine whether the source was existing and operating at the said location. The inspection was also to determine the source's compliance status with the State and Federal Air Quality Rules & Regulations, and the conditions of PTI No. 782-85.

Upon arriving at the above location, I discovered that the facility did not exist at the above location any more. The gates were locked, and a name sign with name "Simple Dynamics LLC was posted on the fence.

No further AQD inspections should be conducted at Evans Mining Corp. PTI No. 782-85 should be voided, and their name should also be removed from the AQD Files.
