Subject: Response to Violation Notice, June 22, 2021
Bichler Concrete & Gravel – SRN: D0066, Delta County

Dear Ms. Hewson:

I am writing in response to your June 22, 2021 Violation Notice. The Violation states that Bichler Concrete & Gravel installed and commenced operation of an unpermitted portable nonmetallic mineral crusher in Perkins, Michigan on June 21, 2021, citing rule R 336.1201 was violated.

Although the “portable crusher” was installed on the property in Perkins described as 11862 State Highway M35, Perkins, MI 49872, operation never commenced for crushing due to unforeseen circumstances. The crusher was removed from the property in Perkins on June 23, 2021.

Bichler Concrete & Gravel has submitted a General Permit to Install application to the Michigan Department of Environment, Great Lake and Energy (“EGLE”) to address the alleged permit violations and will take any and all necessary steps to address new or additional alleged violations in conjunction with its pending application.

Please direct any questions related to this response to me at (906)786-0343.

Sincerely,

Cory Pangborn, President
Bichler Concrete & Gravel

cc: Ms. Jenine Camilleri, EGLE
