Ms. April Lazzaro:

This letter is in direct response to the violation notice dated August 4, 2014 cited on July 31, 2014:
"Failure to obtain a permit to install a dual fuel boiler, Act 451, Rule 201".

Holland Hospital immediately communicated the violation with Johnson Controls Inc. who has been contracted for the boiler installation and can assure you that all construction has been postponed until the PTI Application No. 98-14 is reviewed and a final PTI has been issued to Holland Hospital.

I ask that you communicate the progress of the application with me and please do not hesitate to call with any questions or concerns.

Sincerely,
