

DEPARTMENT OF ENVIRONMENTAL QUALITY  
AIR QUALITY DIVISION  
ACTIVITY REPORT: Self Initiated Inspection

M415637558

FACILITY: GOGEBIC COUNTY ROAD COMMISSION		SRN / ID: M4156
LOCATION: BLACK RIVER RD, BESSEMER		DISTRICT: Upper Peninsula
CITY: BESSEMER		COUNTY: GOGEBIC
CONTACT: DARREN PIONK , ENGINEER MANAGER		ACTIVITY DATE: 11/04/2016
STAFF: Joel Asher	COMPLIANCE STATUS: Compliance	SOURCE CLASS:
SUBJECT: Follow up to PTI #617-83A		
RESOLVED COMPLAINTS:		

PTI #617-83 A was issued to the Gogebic County Road Commission on 2/18/1993. The permit was for new controls on the asphalt plant.

On 11/4/2016 I conducted an onsite visit to the location of the plant at N12990 Black River Road, Ironwood, MI. Once at the pit I observed there was no plant at the site. On 11/9/16 I contacted the Gogebic County Road Commission and talked with Mr. Tom Leaf.

Mr. Leaf stated the asphalt plant was removed 10 to 12 years ago. I informed him I would request to void PTI #617-83A. He suggested the letter be sent to Mr. Darren Pionk, Engineer Manager for Gogebic County Road Commission.

A request will be sent to Ms. Sue Thelen of the Permit Section to void PTI 617-83A.

This facility can be removed from the district inspection database.
