**SUBJECT: Response to Violation Notice (March 7, 2017)
JUDD Warehousing, 4890 East Nevada, Detroit, MI 48234
SRN: M4189, Wayne County**

Dear Mr. Hemben,

On behalf of Judd Warehousing (Judd), EnviroSolutions, Inc. (EnviroSolutions) is submitting this response to the Violation Notice (Notice) for the above-referenced facility, dated March 7, 2017. Judd retained EnviroSolutions to assist with an air compliance evaluation in order to respond to the Notice and subsequently correct the violations.

EnviroSolutions completed a facility walk-through on April 27, 2017. During this walk-through, EnviroSolutions observed the torch-cutting operations referenced in the Notice. Judd and EnviroSolutions are actively pursuing a solution to the nuisance odors identified in the Notice under Rule 901(b). Currently, Judd and EnviroSolutions are evaluating options to move the torch-cutting operations indoors, which may qualify for the Rule 285(2)(j)(ii) permit to install (PTI) exemption. If the final selected remedy does not qualify for the exemption, EnviroSolutions will submit a PTI application in a timely fashion.

Thank you for the opportunity to reply to the concerns raised in the March 7, 2017 Notice. Please feel free to contact me via email (gkernosek@envirosolutionsinc.net) or telephone at (734) 641-2700 if you have any questions.

Sincerely,
EnviroSolutions, Inc.
