SUBJECT: FY 2019 scheduled inspection of Harold Fogler		
RESOLVED COMPLAINTS:		

**Harold Fogler (M4219)**  
**3320 N. Rochester Road**  
**Rochester, Michigan 48306**

**Mark MACES and files: Not Operating. Out of business of farming.**

**PTI to be voided: Permit-to-Install No. 576-44 dated August 16, 1984 for Anhydrous Ammonia (NH<sub>3</sub>) tank.**

On October 02, 2018, I conducted a level-2 **FY 2019 scheduled** inspection of Harold Fogler located at 3320 N. Rochester Road, Rochester, Michigan 48306. The inspection was conducted to determine compliance with the Federal Clean Air Act; Article II, Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994, PA 451; and Michigan Department of Environmental Quality, Air Quality Division (MDEQ-AQD) administrative rules.

During the inspection, Mr. Dennis Fogler, who owns and operates Fogler's Green House and Farm Market, assisted me.

Harold Fogler at 3320 N. Rochester Road is an undeveloped empty land; not an agricultural property anymore. Across the street is Blackhealth Golf Club. A quarter mile south of the golf club is Fogler's Green House and Farm Market. Mr. Dennis Fogler, a nephew of Harold Fogler, stated that Harold passed away about 2008. No more farming at this location. Hence, no more anhydrous ammonia tank.

PTI No. 576-84 dated August 16, 1984, will be voided as the agricultural anhydrous ammonia tank has been removed as a result of quitting farming business.

**Conclusion**

PTI No. 576-84 dated August 16, 1984, must be voided.
