SUBJECT: Wood fired boiler permitted under PTI #720-84.		
RESOLVED COMPLAINTS:		

On 6/2/16 I conducted an unannounced inspection of this facility. On 4/8/1986 this facility was issued PTI #720-84 for a wood-fired boiler.

I met with Mr. Mike Codere, maintenance. Mr. Codere stated the boiler was removed many years ago. We went to the boiler room and he showed me the location where is used to be. Mr. Codere has been at the school for 15 years and the boiler was removed prior to his employment here.

A request will be sent to Ms. Sue Thelen of the Permit Section requesting to void PTI #720-84 as the equipment is no longer in operation. Mr. Craig Sunblad is the present Superintendent.
