RESOLVED COMPLAINTS:		

On 1/19/17, I arrived at Detroit Industrial Paint Service on 13461 Mt. Elliott Street, Detroit. According to the sign, the building is now the site of Acts Church International . However, the building was locked and appeared to be unused. A review of the DLEG corporate database indicates that Detroit Industrial Paint Service, with resident agent Curtis Evans, was automatically dissolved on 5/15/1990. The Wayne County permit, C-9968, was issued to Mr. Curtis Evans and is for a Controlled Pyrolysis Furnace with Direct Flame Afterburner. As I could not verify whether this equipment is still on site, the Wayne County permit will remain active.
