September 1, 2022

Adam Bognar
EGLE, AQD
Warren District
27700 Donald Court
Warren, MI 48092

Dear Adam Bognar:

Per the inspection of B&L Plating, Inc. facilities located at the above address on August 10, 2022, subsequent conversations (August 11) and Violation Notice of August 24, we have taken the following actions:

1. Maintenance plan was updated (8/11/22) to include a section regarding record keeping of the addition of fume suppressant to the chrome tank.
2. A physical log was created immediately to record the name of the person adding the fume suppressant; the date and amount of the suppressant added each time. The official beginning date of this log is retroactive to 8/8/2022.

We regret this oversight. We continue to work with EGLE and the city of Warren to meet the governmental requirements.

Sincerely,

A handwritten signature in black ink that reads "Victor S. Pirrami". The signature is written in a cursive, flowing style.

Victor Pirrami
Manager
