12/23/2019	MAERS	Compliance	The 2018 MAERS Report was received on February 20, 2019. Initially, errors were noted for HAP emissions in the 2018 MAERS Report when compared to the records received during the 2019 inspection. When this was discussed with QG staff it was determined that the reported emissions in the 2018 MAERS Report were more conservative based. Additional minor errors were noted in the remainder of the MAERS Report; however, it was determined that overall, the 2018 MAERS Report appeared to be acceptable.
