CERTIFIED MAIL – 7010 0290 0000 3734 2583
RETURN RECEIPT REQUESTED

Mr. W.J. Hopkins
Jackson Industrial Coating Services
3600 Scheele Drive
Jackson, Michigan 49202

SRN: N0977, Jackson County

Dear Mr. W.J. Hopkins:

VIOLATION NOTICE

On November 16, 2017, the Department of Environmental Quality (DEQ), Air Quality Division (AQD), conducted an inspection of Jackson Industrial Coating Services (Company) located at 3600 Scheele Drive, Jackson Michigan. The purpose of this inspection was to determine the Company's compliance with the requirements of the federal Clean Air Act; Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451) and the associated Air Pollution Control Rules.

During the inspection, AQD staff observed the following:

Process Description	Rule/Permit Condition Violated	Comments
Natural gas fired burn-off oven with afterburner.	Rule 201-No Permit to Install (PTI).	Company may be eligible for a general PTI for burn-off ovens.
Wooden pallets are being burned outside in a metal cage like structure.	Rule 310.	Open burning of this type of waste material is prohibited.

During this inspection, it was noted that the Company had installed and commenced operation of an unpermitted process at this facility. AQD staff advised the Company on 11/16/2017 that this could be a violation of Act 451, Rule 201.

A program for compliance may include a completed PTI application for the burn-off oven. An application form is available by request, or at the following website:

<http://www.michigan.gov/deq/0,4561,7-135-3310-389804--,00.html>

Be advised that Rule 201 requires that a permit be obtained prior to installation, construction, operation, reconstruction, relocation, or alteration of any process or process equipment which may be a source of an air contaminant.

Please initiate actions necessary to correct the cited violations and submit a written response to this Violation Notice by December 13, 2017. The written response should include: the dates the violations occurred; an explanation of the causes and duration of the violations; whether the violations are ongoing; a summary of the actions that have been taken and are proposed to be taken to correct the violation and the dates by which these actions will take place; and what steps are being taken to prevent a reoccurrence.

If the Company believes the above observations or statements are inaccurate or do not constitute violations of the applicable legal requirements cited, please provide appropriate factual information to explain your position.

Thank you for your attention to resolving the violations cited above and for the cooperation that was extended to me during my inspection of this Company. If you have any questions regarding the violations or the actions necessary to bring this facility into compliance, please contact me at the number listed below.

Sincerely,

Mike Kovalchick
Senior Environmental Engineer
Air Quality Division
