Dear Dan Rose:

VIOLATION NOTICE

On February 26, 2018 and revised on November 24, 2020 and again on February 25, 2021, the Department of Environment, Great Lakes, and Energy (EGLE), Air Quality Division (AQD), issued Renewable Operating Permit (ROP) No. MI-ROP-N1324-2018b to South Kent Landfill located at 10300 South Kent Drive SW, Byron Center, Michigan. Rule 213(3)(c)(i) of the administrative rules promulgated under Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended, requires the Responsible Official to submit a report at least once every six months of any required monitoring and all instances of deviations from permit requirements.

At this time, the AQD has not received South Kent Landfill's Section 1 semi-annual monitoring and deviation report for January 1 - June 30, 2022 which was required to be postmarked or received by the AQD district office by September 15, 2022. This constitutes a violation of Condition No. 23 of Section A of ROP No. MI-ROP-N3078-2021 and Rule 213(3)(c)(i).

Please submit the semi-annual monitoring and deviation report within (21) days from the date of this letter. Each submittal must contain a certification by the Responsible Official that the statements and information in the submittal are true, accurate and complete.

If South Kent Landfill believes the above observations or statements are inaccurate or do not constitute violations of the applicable legal requirements cited, please provide appropriate factual information to explain your position.

Thank you for your attention to resolving the violations cited above. If you have any questions regarding the violations or the actions necessary to bring this facility into compliance, please call me at the number listed below.

Sincerely,
