RESOLVED COMPLAINTS:		

Facility: Cedar River Lumber Company (SRN: N1405)

Location: W3836 Pine Ave, Spalding, MI 49886 Menominee County, MI

Regulatory Authority

Under the Authority of Section 5526 of Part 55 of NREPA, the Department of Environment, Great Lakes, and Energy may upon the presentation of their card, and stating the authority and purpose of the investigation, enter and inspect any property at reasonable times for the purpose of investigating either an actual or suspected source of air pollution or ascertaining compliance or noncompliance with NREPA, Rules promulgated thereunder, and the federal Clean Air Act.

Inspection

On February 15, 2022, I conducted an unannounced inspection of Cedar River Lumber Company. The facility was last inspected on 12/01/2016. It appears the facility has closed and is no longer in business. There is no activity on the site and no lumber storage observed. The office appears to be vacant. An online search indicates the business has closed. A dog grooming business is now located on site. PTI #535-86 was issued on 8/18/1986 for a wood-fired boiler and dry kiln. On 4/15/1992 a revision was issued to allow the burning of waste oil in the boiler. No equipment was observed outside of the buildings. PTI #535-86 should be voided as it appears the facility has been closed for several years.
