DEPARTMENT OF ENVIRONMENTAL QUALITY
AIR QUALITY DIVISION
ACTIVITY REPORT: Scheduled Inspection

N175323885

FACILITY: FABRI-TOP CO INC		SRN / ID: N1753
LOCATION: , FRASER		DISTRICT: Southeast Michigan
CITY: FRASER		COUNTY: MACOMB
CONTACT:		ACTIVITY DATE: 12/16/2013
STAFF: Usama Amer	COMPLIANCE STATUS: Compliance	SOURCE CLASS: Minor
SUBJECT: Inspection of a Minor Source		
RESOLVED COMPLAINTS:		

On December 16, 2013, I attempted to conduct a Scheduled Inspection at Fabri-Top Co., Inc. (facility), which used to be located at 33410 Groesbeck Hwy, Fraser, Macomb County. The purpose of the inspection was to determine whether the source was existing and operating at the said location. The inspection was also to determine the source's compliance status with the State and Federal Air Quality Rules & Regulations.

According to AQD Permits Cards, this facility was issued PTI No. 867-87 in April, 1988. However, the Warren AQD files have no copy of the said PTI.

Upon arriving at the above location, I discovered that the facility did not exist at the above location any more. A new facility, by the name Harry's Stearing Gear Repair, has occupied the above location. After speaking with Mr. John Faller, of Fraser Auto Body Inc., I was informed that Harry's Stearing Gear Repair has gone out of business about 3 years ago and left the building vacant.

No further inspections should be conducted at Fabri-Top Co., Inc., and their name should be removed from the AQD Files. Furthermore, PTI No. 867-87 should be voided.
