On October 30, 2013, AQD staff, Erik Gurshaw, conducted an unannounced, targeted inspection of Universal Plastic Industries located at 14700 Barber in Warren, Michigan. The purpose of the inspection was to determine compliance with the Federal Clean Air Act; Article II, Part 55, Air Pollution Control of Natural Resources and Environmental Protection Act, 1994 Public Act 451; and Michigan Department of Environmental Quality, Air Quality Division Rules (MDEQ-AQD).

Upon arriving at the location, AQD staff noted that no cars were in the parking lot and that the building appeared vacant. AQD staff parked his car and attempted to enter the building through several of the building's doors. All of these doors were locked. AQD staff then drove around the building and noticed a "For Sale" sign by "Newmark Grubb Knight Frank" realty company (Ph: 248-350-9500) at the northeast corner of the property. As a result of this inspection, it appears as though Universal Plastic Industries is out of business and that the building where the company once operated is vacant. AQD staff will mark Universal Plastic Industries as being "Permanently Closed" in MACES.
