Dear Mr. McElwee:

VIOLATION NOTICE

On January 23, 2017, the Department of Environmental Quality (DEQ), Air Quality Division (AQD), issued Renewable Operating Permit (ROP) No. MI-ROP-N2610-2017 to Toefco Engineered Coating Systems, Inc. (Facility), located at 1220 North 14th Street, Niles, Michigan. Rule 213(3)(c)(i) of the administrative rules promulgated under Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451); requires the responsible official to submit a report at least once every six months of any required monitoring, and all instances of deviations from permit requirements.

At this time, the AQD has not received the Facility's semi-annual monitoring and deviation report for January 1-June 3, 2018, which was required to be postmarked or received by the AQD district office by September 15, 2018. This constitutes a violation of Condition 23 of Section A of ROP No. MI-ROP-N2610-2017, and Rule 213(3)(c)(i) of Act 451.

Please submit the semi-annual monitoring and deviation report within 21 days from the date of this letter. Each submittal must contain a certification by the Responsible Official that the statements and information in the submittal are true, accurate, and complete.

If the Facility believes the above observations or statements are inaccurate, or do not constitute violations of the applicable legal requirements cited, please provide appropriate factual information to explain your position.

Thank you for your attention to resolving the violation cited above. If you have any questions regarding the violation or the actions necessary to bring this Facility into compliance, please call me at the telephone number listed below.

Sincerely,

Matt Deskins
