This letter is to advise you of the commencement of escalated enforcement action against Huron Tool & Engineering (Company). This letter follows the June 25, 2018, and July 19, 2018, Violation Notices as well as the August 17, 2018, request for response issued by the Michigan Department of Environmental Quality (MDEQ), Air Quality Division (AQD), which detailed violations of Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994, PA 451, as amended (NREPA), MCL 324.5501 *et seq.*, the administrative rules promulgated thereunder, specifically Rule 201 of the Michigan Air Pollution Control Rules, Mich Admin Code, R 336.1201. Be advised that failure to respond to this Enforcement Notice in a timely manner and adequately resolve or address the cited violations may result in further enforcement proceedings, including but not limited to, referral of the matter to the Michigan Department of Attorney General (MDAG) for commencement of civil litigation. This Enforcement Notice does not preclude or limit the MDEQ's ability to initiate any other enforcement action under federal or state law as appropriate.
