Reference: Violations MAC Valves from March 8th Inspection

PTI No. 130-94A EU00001 Special Condition III (a) – Extreme coatings exceeding 3.5 pounds of VOC per gallon minus water.

MAC Valves has reviewed all coating and none of them exceed the VOC limits. There were trial paints in the SDS binder that have not been used and were not removed from book.

MAC Blue (2.92 lbs VOC/gal)

Gray / White (3.35lbs VOC/gal)

Black (3.40 lbs VOC/gal)

Ruby Red (3.26 lbs VOC/gal)

PTI No. 130-94A EU00002 Special Condition VIII – Exhaust stack not emitting vertically as required by permit.

MAC Valves will order an UP-Blast Stack cap and install it vertically to eliminate the elbow shaped stack. (see attached photo)

Estimated order and install date. August 15th

If you have any questions or concerns feel free to contact me at your earliest convenience.
