ATTENTION: Mr. Ryan Jones

This letter is to advise you of the commencement of escalated enforcement action against Fiberglass Manufacturing. This letter follows the May 3, 2016 Violation Notice (VN) and June 27, 2016 second VN issued by the Michigan Department of Environmental Quality (MDEQ), Air Quality Division (AQD), which detailed violations of non-submittal of the Michigan Air Emissions Reporting System (MAERS) forms for documenting the facilities 2015 air pollution (2015 air pollution report) as required pursuant to Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451); and by Air Pollution Control Rule 2 (Michigan Administrative Code R 336.202).

The AQD is hereby providing you with an opportunity to demonstrate compliance, present factual information in writing that should be considered regarding the violations and meet to discuss options for satisfactorily resolving the violations. This proposed resolution would include, among other things, a compliance schedule and an appropriate monetary penalty. Please contact me at 517-284-6797 no later than Tuesday, September 27, 2016, to schedule a meeting to discuss the resolution of this matter.

Be advised that failure to respond to this Enforcement Notice in a timely manner and adequately resolve or address the cited violations may result in further enforcement proceedings including, but not limited to, referral of the matter to the Department of Attorney General (MDAG) for commencement of civil litigation. Be further advised that this Enforcement Notice does not preclude or limit the MDEQ's ability to initiate any other enforcement action under federal or state law as appropriate.
