Dear Mr. Jones:

**SECOND VIOLATION NOTICE**

On October 17, 2016, the Department of Environmental Quality (DEQ), Air Quality Division (AQD), conducted an inspection of Fiberglass Composites (Facility), located at 68966 Union Street, White Pigeon, Michigan.

The purpose of the inspection was to determine the Facility's compliance with the requirements of the federal Clean Air Act; and Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451); the Air Pollution Control Rules; and the conditions of Permit to Install (PTI) No. 1087-91 and 326-00.

On November 29, 2016, the AQD sent the Facility a Violation Notice (VN) citing violations discovered as a result of the inspection, and requested your written response by December 21, 2016. A copy of that letter is enclosed for your reference. As of this date, the DEQ has not received your response.

Please be advised that failure to respond in writing and identifying actions the Facility will take or has taken to resolve the cited violations may result in escalated enforcement action by the AQD. Please provide the information requested in our November 29, 2016, letter by February 9, 2017, which corresponds to 14 days from the date of this letter.

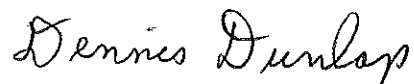

One possible action item would be to submit an application to have PTI No. 326-00 modified so that permitted styrene emissions would be below 10 tons per year. Another action item would be to provide the records required by PTI No. 326-00.

Be further advised that issuance of this VN does not preclude or limit the DEQ's ability to initiate any other enforcement action under state or federal law as appropriate.
