SUBJECT: Follow up on PTI #371-93		
RESOLVED COMPLAINTS:		

PTI #371-93 was issued to UP Rebuilders on 9/14/1993. The permit was for a waste-oil furnace.

On 7/22/2015 I visited the site where the waste oil furnace was permitted. I met with the individual who now owns the site. It is a residential location. UP Rebuilders has been out of business for many years and the new owner stated all equipment was removed before he purchased the property.

A request will be sent to the Permit Section to void PTI #371-93. This facility will be removed from the district inspection database.
