RESOLVED COMPLAINTS:		

On 5/24/16 I conducted an unannounced inspection of this facility. My contact was Mr. Rick Bieti.

On March 18, 2016 this facility (Z & R Electric) was sold to L & S Electric Inc. Copies of letters of confirmation of sale - signed by the previous and present owners - were obtained. Mr. Bieti (the previous owner) is still at the facility for a period of time during transition. It is expected he will remain at the location until September or October of this year. Mr. Bieti will continue to be the point of contact during this time. His new email is rbieti@lselectric.com. Unless otherwise notified, the contact after that will be Mr. Tom Grattan tgrattan@lselectric.com.

The facility continues to operate their bake out oven permitted under PTI #166-94. The oven is typically run 9 to 15 times per year. An observation of the unit was made. The unit was fired and the afterburner was observed to be operational.

The facility has a larger bake out oven permitted under PTI 19-08. The oven is on site but has not been operated.

No complaints have been received regarding this site.

No violations of the Air Pollution Control Rules or PTIs #166-94 or #190-08 were observed during this inspection.
