SUBJECT: Follow up on old PIT #524-94		
RESOLVED COMPLAINTS:		

On 1/27/1995 PTI #524-94 was issued to Ironwood Oil Company for an emergency soil vapor extraction system. This was installed to alleviate the buildup of petroleum vapors in the basement of a residential structure.

On 11/22/2016 I visited the site where the vapor extraction system was permitted to operate. The equipment is no longer at the site. It is not known how long the equipment has not been at this site. However, PTI #524-94 can be voided as the equipment is no longer in operation.

A note will be sent to Ms. Sue Thelen of the Permit Section requesting to void PTI #524-94.
