Dear Mr. Jones:

SUBJECT: SRN N6065, Delta Oil Company - Briley 31, SW NE SW T31N R02E SEC 31, Atlanta

WE HAVE NOT RECEIVED YOUR 2015 AIR EMISSIONS REPORT.

In January 2016, the Michigan Department of Environmental Quality, Air Quality Division (AQD), notified you that the 2015 air emissions from your facility must be reported. The notice that was emailed and/or mailed via U.S. Postal Service included information regarding the Michigan Air Emissions Reporting System (MAERS) web application and additional guidance information.

Emissions reporting is required pursuant to Article II: Pollution Control, Chapter 1, Point Source Pollution Control, Part 55, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451), and by Air Pollution Control Rule 2 (Michigan Administrative Code R 336.202), which states:

Rule 2. The department shall require an annual report from a commercial, industrial, or governmental source of emission of an air contaminant if, in the judgment of the department, information on the quantity and composition of an air contaminant emitted from the source is considered by the department as necessary for the proper management of the air resources.

The required submittal date for the above-referenced emissions report was March 15, 2016. Our records indicate that we have not received the information from your facility. Act 451 identifies penalties that may be imposed on facilities that fail to report the required information. It is hereby requested that you immediately submit this information to the AQD.
