RESOLVED COMPLAINTS:		

Air Quality Division (AQD) staff Adam Shaffer (AS) and April Lazzaro (AL) arrived at the facility at approximately 11:24 am on November 17, 2016 to conduct an unannounced inspection. The purpose of this inspection was to determine compliance with applicable air quality rules and regulations. The Newaygo County Animal Shelter is an animal shelter and formerly a pet remains crematorium. The site has two active Permits to Install (PTI's) 238-06 & 371-01. A 2008 inspection stated that the incinerator permitted under PTI 371-01 was no longer on site. AQD staff met with Ms. Jamie Wiseley, Animal Control Officer, at the start of the inspection. Ms. Wiseley stated that all crematorium operations are no longer performed on site and all pathological waste is sent off site. Additionally, Ms. Wiseley stated the last time it was used was approximately one year ago. AQD staff observed one incinerator on site (PTI 238-06) and it was confirmed to be no longer in use. AQD staff will follow up with Mr. Kevin Carr, Chief Animal Control Officer, on whether Newaygo County Animal Shelter would wish to keep their PTI 238-06 active. The PTI 371-01 will be voided. AQD staff AS and AL left the facility at approximately 11:40 am.
