Remilando Pinga  
Senior Environmental Engineer  
Air Quality Division  
27700 Donald Court  
Warren, MI 48092-2793

Dear: Mr. Remilando Pinga

Re: In reply to your Violation Notice dated 4/1/15

Mod Interiors, Inc. has applied for a Permit to Install less than 9.5 tons with a opt out rule 208a Registration, Mod Interiors, Inc. has also implemented fluid count on a daily basis and completed a spread sheet to tally up a total for every year.

Violations were for the last two (2) years of not keeping a daily count of paint and glue use. Mod Interiors, Inc. now keeps track on a daily basis (see attachment) and has applied for a Permit to Install and opt out permit.

Mod Interiors, Inc. uses a hot melt glue press using a PVA glue, We have attached the MSDS sheet. Mod Interiors, Inc. used less than 10 gallons of this glue in 2014. Mod Interiors, Inc. uses a SVSTACK2 booth for our spray glue as noted on PIT application. Mod Interiors, Inc. has only three (3) booths, not five (5) as noted on your violation, we are applying for a PIT permits as noted on application. Mod Interiors, Inc. may need a facility wide permit due to the hot melt PVA glue used in open area.

Donald Megie, President  
Mod Interiors, Inc.
