Dear Mr. Jones:

SECOND VIOLATION NOTICE

On January 14, 2015, the Department of Environmental Quality (DEQ), Air Quality Division (AQD), conducted an inspection of Martin Technologies, located at 55390 Lyon Industrial Drive, New Hudson, Michigan. The purpose of the inspection was to determine Martin Technologies's compliance with the requirements of the federal Clean Air Act; and Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451); the administrative rules and the conditions of Permit to Install (PTI) number 352-05.

On February 27, 2015, the AQD sent the company a Violation Notice citing violations discovered as a result of the inspection and requested your written response by March 20, 2015. A copy of that letter is enclosed for your reference. As of this date, we have not received your response.

Please be advised that failure to respond in writing and identifying actions the company will take or has taken to resolve the cited violations may result in escalated enforcement action by the AQD. Please provide the information requested in our February 27, 2015 letter by April 9, 2015, which corresponds to 14 days from the date of this letter.

Be further advised that issuance of this Violation Notice does not preclude or limit the DEQ's ability to initiate any other enforcement action under state or federal law as appropriate.

If you have any questions regarding the violations or the actions necessary to bring Martin Technologies into compliance, please contact me at the number listed below.

Sincerely,
