SUBJECT: Oil-fired steam boiler permitted under PTI #9-06.		
RESOLVED COMPLAINTS:		

On 1/7/2016 I conducted an unannounced inspection of this facility. Mid Town Laundry is a laundry mat located in Iron Mountain. PTI # 9-06 was issued to the facility on 2/27/2006 for an oil-fired steam boiler.

I arrived at the site and talked with the laundry mat manager. She did not have any knowledge of the boiler. She called one of the owners, Mr. Robert Coughlin. I talked with Mr. Coughlin on the telephone. He stated the permitted boiler was never installed. It was determined the installation would not be cost effective. I informed Mr. Coughlin, per Rule 201 (4), the permit is void per rule as the process has not been installed within 18 months of permit issuance. Mr. Coughlin stated he understood.

A note will be sent to Sue Thelen in the Permit Section to request to void PTI # 9-06.

This facility can be removed from the UP District Inspection Database.
