I was in the area of the plant from 4:50PM to 5:10PM and conducted an odor survey along Elk Lake Rd. Winds were from the WSW at 15 mph, the temperature was 85 degrees F. I proceeded slowly along Elk Lake Rd. from just south of Angell Rd. north to Gay Rd. and then back. At no time during the survey did I detect any abnormal odors that I would associate with GTF.
