RESOLVED COMPLAINTS: C-15-00057, C-15-00079		

In response to two complaints received on 10/13 and 10/22, 2014 I conducted odor surveys the morning and afternoon of 10/29/2014. Winds were from the west at both times and were quite strong. On both occasions I drove along Angell Rd. and Elk Lake Rd. stopping at various points to check for odors. In the morning I did not detect any odors at any locations. In the afternoon I only detected faint, level 1 odors at one location at the top of the hill east of the plant.

Past odor complaints could not be verified. This facility is scheduled for an inspection in FY 15
