RESOLVED COMPLAINTS:		

Conducted an unannounced, scheduled inspection of the proposed, permitted Frontier Kinross, LLC building site, on October 29, 2014.

At 1200 hours, I arrived at the Kinross Township office and spoke with the Township Manager, Mr. Jim Moore. Mr. Moore informed me that the company had put in a concrete pier, a few years ago, but no additional construction, by the company, has occurred at the site.

At approximately 12:20 PM, I drove past the site, which was still heavily wooded and had a narrow, unimproved dirt road leading into the site.

Kinross Frontier was provided an 18-month extension to PTI No. 166-09A, to begin construction on the project. That extension expired on June 30, 2014.

On October 30, 2014, I sent an e-mail to the Permit Section to void the permit.
