SUBJECT: Scheduled Inspection		
RESOLVED COMPLAINTS:		

I arrived at the location that the nonmetallic mineral crushing facility owned by D & R Demolition was to be operating at. It is a sand and gravel pit that Gerken Materials operates in. Gerken staff informed me that D & R Demolition only operated there 2-3 months in 2012 before they left and they have not returned. I thanked them for their time and left.

I was able to contact Mr. Donald Williams of D & R Demolition and confirmed that they were not currently operating in Michigan. I have determined that they are in compliance with their permit.
