Dear Mr. Northrup:

VIOLATION NOTICE

On September 5, 2016 and September 7, 2016, the Department of Environmental Quality (DEQ), Air Quality Division (AQD), conducted investigations of Lowell Energy AD LLC located at 625 Chatham Street, Lowell, Michigan. The purpose of these investigations was to determine Lowell Energy AD LLC's compliance with the requirements of the federal Clean Air Act; Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451); the Air Pollution Control Rules; and to investigate complaints which we received regarding foul odors attributed to the operations at Lowell Energy AD LLC.

During the investigations, staff observed the following:

Process Description	Rule/Permit Condition Violated	Comments
Anaerobic Biodigester	Rule 901(b)	Nuisance Odors

In the professional judgment of AQD staff, the odors that were observed were of sufficient intensity, frequency and duration so as to constitute a violation of Rule 901.

Please initiate actions necessary to correct the cited violation and submit a written response to this Violation Notice by September 30, 2016 (which coincides with 21 calendar days from the date of this letter). The written response should include: the dates the violation occurred; an explanation of the causes and duration of the violation; whether the violation is ongoing; a summary of the actions that have been taken and are proposed to be taken to correct the violation and the dates by which these actions will take place; and what steps are being taken to prevent a reoccurrence.

If Lowell Energy AD LLC believes the above observations or statements are inaccurate or do not constitute violations of the applicable legal requirements cited, please provide appropriate factual information to explain your position.
