On July 8, 2015, the Department of Environmental Quality (DEQ), Air Quality Division (AQD), conducted an inspection of AIS Construction Equipment Corporation located at 56555 Pontiac Trail, New Hudson, Michigan. The purpose of this inspection was to determine AIS Construction Equipment Corporation's compliance with the requirements of the federal Clean Air Act; Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451); and the administrative rules.

During the inspection, staff observed the following:

During this inspection, it was noted that AIS Construction Equipment Corporation had installed and/or commenced operation of unpermitted equipment at this facility.
