Dear Mr. Huyser:

SECOND VIOLATION NOTICE

On August 19, 2021, the Michigan Department of Environment, Great Lakes, and Energy (EGLE), Air Quality Division (AQD) sent a Violation Notice (VN) to Dynamic Crushing LLC (Company). The VN detailed violations of Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended MCL 324.5501 *et seq.*, and the administrative rules promulgated thereunder, specifically, Rule 201 of the Michigan Air Pollution Control Rules, Mich Admin Code, R 336.1201, for the installation and operation of a nonmetallic mineral crushing plant without first getting a Permit to Install. A copy of this VN has been enclosed for your reference. On September 17, 2021, the Company submitted a letter via email to the AQD staff indicating the Company's intent to submit two separate general permit applications no later than September 30, 2021. As of the date of this notice, the AQD has not received the permit applications. A copy of the Company's response letter has been enclosed for your reference.

Please be advised that failure to submit the requested information, including the permit applications, may result in an escalated enforcement action by the AQD. Please provide the permit applications by November 2, 2021, which corresponds to 14 days from the date of this letter.

Be further advised that issuance of this Violation Notice does not preclude or limit EGLE's ability to initiate any other enforcement action under state or federal law as appropriate.
