GOVERNOR

STATE OF MICHIGAN  
DEPARTMENT OF  
ENVIRONMENT, GREAT LAKES, AND ENERGY  
LANSING DISTRICT OFFICE

LIESL EICHLER CLARK  
DIRECTOR

September 17, 2020

Mr. Greg Huyser, Owner  
Dynamic Crushing LLC  
P.O. Box 765  
9446 SW Greenville Road  
Greenville, Michigan 48838

SRN: P0691, Ingham County

Dear Mr. Huyser:

**VIOLATION NOTICE**

On September 16, 2020, the Department of Environment, Great Lakes, and Energy (EGLE), Air Quality Division (AQD), conducted an inspection of Dynamic Crushing LLC, located at Childers Excavating, 920 East Gier Street, Lansing, Michigan. The purpose of this inspection was to determine Dynamic Crushing's compliance with the requirements of the federal Clean Air Act; Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451); the Air Pollution Control Rules; and the conditions of General Permit to Install (PTI) number 53-16.

During the inspection, staff observed the following:

Process Description	Rule/Permit Condition Violated	Comments
FGCRUSHING	General Permit to install number 53-16, SC 1.13c	Crusher located less than 500 feet from residential and commercial establishments
FGCRUSHING	Rule 201	Failure to obtain a site-specific permit prior to relocating to and operating at Childers Excavating

During this inspection, it was noted that Dynamic Crushing had commenced operation of an unpermitted process at this facility: the PTI No. 53-16 allows relocations if all other conditions in the General Permit can be met. Since the crusher relocated to, and is currently operating at a location where the 500-foot setback distance cannot be met, this is a violation of the General Permit special condition 1.13c, as well as Rule 201 of the administrative rules promulgated under Act 451, for failure to obtain the proper, site-specific permit to relocate and operate at the Childers Excavating location. The AQD staff advised Dynamic Crushing on September 16, 2020, of this violation.

A program for compliance may include a completed PTI application for the FGCRUSHING process equipment. An application form is available by request, or at the following website: [www.michigan.gov/air](http://www.michigan.gov/air) (in the shaded box on the upper right-hand side of the page).

Mr. Greg Huyser  
Dynamic Crushing, LLC

September 17, 2020

Be advised that Rule 201 requires that a permit be obtained prior to installation, construction, operation, reconstruction, relocation, or alteration of any process or process equipment which may be a source of an air contaminant.

Please initiate actions necessary to correct the cited violations and submit a written response to this Violation Notice by October 8, 2020 (which coincides with 21 calendar days from the date of this letter). The written response should include: the dates the violations occurred; an explanation of the causes and duration of the violations; whether the violations are ongoing; a summary of the actions that have been taken and are proposed to be taken to correct the violations and the dates by which these actions will take place; and what steps are being taken to prevent a reoccurrence. Please also include how Dynamic Crushing plans to ensure that moving forward, site-specific permits are obtained prior to relocating to a site that does not offer a 500-foot setback distance between FGCRUSHING and residential and commercial establishments.

Please submit the written response to EGLE, AQD, Lansing District, at Constitution Hall, First Floor South, 525 W. Allegan, P.O. Box 30242, Lansing, Michigan 48909 Michigan, and submit a copy to Ms. Jenine Camilleri, Enforcement Unit Supervisor at EGLE, AQD, P.O. Box 30260, Lansing, Michigan 48909-7760. Please also submit an email copy of the written response to Michelle Luplow at luplowm1@michigan.gov.

If Dynamic Crushing believes the above observations or statements are inaccurate or do not constitute violations of the applicable legal requirements cited, please provide appropriate factual information to explain your position.

Thank you for your attention to resolving the violations cited above and for the cooperation that was extended to me during my inspection of Dynamic Crushing. If you have any questions regarding the violations or the actions necessary to bring this facility into compliance, please contact me at the number listed below.

Sincerely,

Michelle Luplow  
Environmental Quality Analyst  
Air Quality Division
