Activity Date	Activity Type	Compliance Status	Comments
08/12/2020	Scheduled Inspection	Compliance	
03/20/2020	MAERS	Compliance	<p>MAERS REPORT SUBMITTED</p> <p>This report was received on time. It appears that the emissions are reported accurately based on the attached information. This the first year that the facility submitted a MAERS report.</p> <p>On May 7, 2020 I was contacted by the facility about adding the waste water treatment plant to the MAERS report to be consistent with other facilities across the state. I then failed this report so that the facility could make this change. The facility resubmitted the report with the additional emission unit for the wastewater treatment. The emissions appear to have been accurately reported.</p>
