| CITY: MATCHWOOD | | COUNTY: ONTONAGON |
| CONTACT: CAROLYN LURVEY, ENVIRONMENTAL ENGINEER | | ACTIVITY DATE: 08/12/2019 |
| STAFF: Joe Scanlan | COMPLIANCE STATUS: Compliance | SOURCE CLASS: MINOR |
| SUBJECT: Email to Carolyn Lurvey about status of portable crusher associated with PTI# 171-16. | | |
| RESOLVED COMPLAINTS: | | |

SOURCE DESCRIPTION

Portable nonmetallic mineral crusher operating under General PTI# 171-16.

Process equipment includes crushers, drills, screening operations, conveyors, loading, storage bins, and material handling equipment. Water spray bars are required on each crusher and screen with the option of a baghouse.

EMISSION LIMITS

PTI# 171-16 has visible emissions (opacity) limits for the following:

- Crushers - 15%
- Screens - 10%
- Rock Drills - 5%
- Conveyors/transfer points - 10%
- Screens and downstream equipment - 0%
- Equipment controlled by a baghouse - 7%
- Loaders & truck traffic - 5%
- Material storage piles - 5%
- Other related process equipment - 10%

MATERIAL USAGE LIMITS

Materials processed are limited to 2 million tons per year.

PROCESS/OPERATION LIMITS

Facility shall not operate unless fugitive dust plan is being implemented.

MONITORING

Daily and annual records of amount of material processed at each site where the facility operates.

INSPECTION

Upon confirmation with Ms. Carolyn Lurvey, Environmental Engineer/EEO Officer for Pitlik and Wick, Inc., this facility has not operated in Michigan since November of 2016, which was the only time it has operated in Michigan. It has been moved to Wisconsin and is operating there. It is not expected to relocate to Michigan in 2019. See attached email.

Follow Up Flag: Follow up
Flag Status: Flagged

Hi Joe -- Actually that crusher spread has not been in Michigan since October/November of 2016. It was supposed to go in June of 2018 but I ended up having to change the notice to a different crusher (emailed Ed on June 13, 2018). It is not expected to relocate into Michigan in 2019 at this time, but I can let you know if things change.

Thanks,

Carolyn Lurvey

Subject: SRN P0750 (PTI# 171-16)

Carolyn,

Can you give me an update on the crusher spread permitted under PTI# 171-167 it's targeted on my inspection assignment for this fiscal year. According to our records the last time it operated in Michigan was June/July of 2018 near Watersmeet.

Thanks,

Joseph Scanlan
