Dear Mr. Cornette:

SECOND VIOLATION NOTICE

On October 11, 2016, the Department of Environmental Quality (DEQ), Air Quality Division (AQD), conducted an inspection of RC Fillmore's Sand Blasting and Special Coatings (RC Fillmore's), located at 3390 Ravenswood Road, Port Huron Township, Michigan. The purpose of the inspection was to determine RC Fillmore's compliance with the requirements of the federal Clean Air Act; and Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451); the Air Pollution Control Rules; and to investigate a recent complaint which we received on October 10, 2016, regarding sand blasting attributed to RC Fillmore's operations.

On October 21, 2016, the AQD sent the company a Violation Notice citing violations discovered as a result of the inspection and requested your written response by November 11, 2016. A copy of that letter is enclosed for your reference. As of this date, we have not received your response.

Please be advised that failure to respond in writing and identifying actions the company will take or has taken to resolve the cited violations may result in escalated enforcement action by the AQD. Please provide the information requested in our October 21, 2016 letter by December 16, 2016, which corresponds to 14 days from the date of this letter.

Be further advised that issuance of this Violation Notice does not preclude or limit the DEQ's ability to initiate any other enforcement action under state or federal law as appropriate.

If you have any questions regarding the violations or the actions necessary to bring RC Fillmore into compliance, please contact me at the number listed below.

Sincerely,
