Dear Mr. Raak:

SECOND VIOLATION NOTICE

On May 26, 2016, the Department of Environmental Quality (DEQ); Air Quality Division (AQD), conducted an inspection of Standing Rock Farms (Facility), located at 4272 20th Street, Dorr, Michigan.

The purpose of the inspection was to determine the Facility's compliance with the requirements of the federal Clean Air Act; and Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451); and the Air Pollution Control Rules.

On June 2, 2016, the AQD sent the Facility a Violation Notice citing a violation discovered as a result of the inspection, and requested your written response by June 22, 2016. In that response, it was stated that the Facility had applied for a Permit to Install (PTI). To date, the PTI application remains incomplete.

Please be advised that failure to complete the PTI application and resolve the cited violation may result in escalated enforcement action by the AQD. Please provide the information requested letter by April 20, 2017, which corresponds to 21 days from the date of this letter.

Be further advised that issuance of this Violation Notice does not preclude or limit the DEQ's ability to initiate any other enforcement action under state or federal law as appropriate.

Mr. Stanley Raak
