Dear Mr. Olmstead:

VIOLATION NOTICE

On May 8, 2018, the Department of Environmental Quality (DEQ), Air Quality Division (AQD), conducted a review of the Permit to Install application submitted by Kerry, Inc. located at 4444 52nd Street SE, Kentwood, Michigan. The purpose of this review was to determine Kerry, Inc.'s compliance with the requirements of the federal Clean Air Act; Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451); and the Air Pollution Control Rules.

During the review, staff observed the following:

Process Description	Rule/Permit Condition Violated	Comments
Line #5 Dryer	Rule 336.1201	Failure to obtain a Permit to Install.
Line #6 Dryer	Rule 336.1201	Failure to obtain a Permit to Install.
Liquid Flavor Use and Handling	Rule 336.1201	Failure to obtain a Permit to Install.

During this review, it was noted that Kerry, Inc. had installed and begun operation of unpermitted equipment at this facility.

It is noted that a technically complete PTI application for the breakfast cereal processing equipment has been received. Be advised that Rule 201 of Act 451 requires that a permit be obtained prior to installation, construction, operation, reconstruction, relocation, or alteration of any process or process equipment which may be a source of an air contaminant.

Since a technically complete permit application is currently being processed by the AQD Permit Section, no response to this letter is required.

Mr. Dale Olmstead
